

**SANTA MARGARITA WATER DISTRICT
DIRECTOR**

CHARLEY WILSON

AGE: 43

OCCUPATION: Director, Santa Margarita Water District/Business Manager

As a member of the Santa Margarita Water District Board of Directors, I am proud of my record of lowering your water rates, reducing tax rates, increasing reliability and protecting water quality. Aggressive efficiency measures, visionary strategic planning and a strong focus on customer service have saved millions of dollars and returned them back to our customers despite the fiscal problems that have plagued the State government.

To meet future needs of the SMWD, my priorities of clean, affordable and reliable water depend on continued strong policies and sound management of our water resources.

As a resident of South Orange County for more than 30 years, my wife and I chose to raise our family here; there is no other place where we would rather live. South Orange County exemplifies California's promise, and I am committed to protecting our water resources that are a vital part of our wonderful community.

I am eager and excited to continue my service to you and leadership with SMWD. With your support we will continue to find creative, cost-effective solutions to meet the growing needs of this diverse and dynamic community.

Vote Charley Wilson, SMWD Board of Directors
